PLAINTIFFS' PROPOSED NOTICE PLAN—EXHIBIT A

UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF CALIFORNIA

You may be a member of the Class if an automated call from Alliance Security or its agent promoting Alarm.com was placed to your cellular telephone or you received multiple calls to a telephone number previously registered on the National Do-Not-Call Registry.

The lawsuit is called *Abante Rooter and Plumbing, Inc., et al. v. Alarm.com, Incorporated, et al.*, No. 4:15-cv-06314-YGR, and is in the United States District Court for the Northern District of California. The lawsuit claims that Alliance Security or its agents placed phone calls on behalf of Alarm.com Inc. and Alarm.com Holdings, Inc. ("Defendants" or "Alarm.com") in violation of the Telephone Consumer Protection Act ("TCPA") by use of automated or prerecorded calls to cellular telephone lines, as well as calls to telephone numbers registered on the National Do-Not-Call Registry. The lawsuit seeks \$500-\$1,500 in statutory damages for each call Alliance or its agents placed in violation of the TCPA on behalf of Defendants. The Court has scheduled a trial for Month XX, XXXX to decide who is right in this case. The Court decided this lawsuit should be certified as a class action on behalf of a "Class," or group of people, that could include you. This Notice summarizes your rights and options before trial. You have to decide whether to stay in the Class and be bound by any result, or ask to be excluded and keep your right to sue the Defendants. **There is no money available now and no guarantee that there ever will be.** More information is in a detailed notice available at the case website [[WEBSITE](#)].

Why did I get this Notice? Calling records indicate that you received a telephone call from Alliance Security or its agent promoting Alarm.com: (1) to your cell phone made through the use of an automatic telephone dialing system or prerecorded voice since October 15, 2013; or (2) to your phone number that is registered on the National Do-Not-Call Registry since December 30, 2011 and you received two or more calls in a 12-month period.

What is this case about? This lawsuit claims that Defendants violated the TCPA because their agent (1) placed a phone call through the use of an automatic telephone dialing system or prerecorded voice to cell phones promoting Alarm.com's products and services without first obtaining consent from the persons they called and (2) placed at least two calls in a 12-month period to residential telephone lines that had been registered on the National Do-Not-Call Registry. Defendants deny that they did any wrong. The Court has not decided whether Plaintiffs or Defendants are right. The lawyers for Plaintiffs will have to prove their claims at a trial.
